GOVERNMENT OF THE PEOPLE'S REPUBLIC OF BANGLADESH
MINISTRY OF AGRICULTURE AND FORESTS

NOTIFICATION

Dacca, the 22nd February, 1980

No. S.R.O. 51-L/80.—In exercise of the powers conferred by section 23 of the Seeds Ordinance, 1977 (Ord. XXXIII of 1977), the Government is pleased to make the following rules, namely:—

THE SEEDS RULES, 1980

1. **Short title.**—These rules may be called the Seeds Rules, 1980.
2. **Definitions.**—In these rules, unless there is anything repugnant in the subject or context,—
 - (a) “advertisement” means all representations, other than those on the label, disseminated in any manner or by any means relating to seed for the purposes of the Ordinance;
 - (b) “certification tag” means a tag or label of certain design to be specified by the Certification Agency which shall connote that a certificate in respect of the seed has been granted by the Certification Agency;
 - (c) “certified seed” means seed that fulfils all requirements for certification provided by the Ordinance and these rules and includes the container to which the certification tag is attached;
 - (d) “form” means a form annexed to these rules;

- (e) "ordinance" means the Seeds Ordinance, 1977 (Ord. XXXIII of 1977);
- (f) "origin" means the country where the seed is grown, and in case seeds of different origin are blended, the label shall show the percentage of seed of each origin;
- (g) "processing" means cleaning, drying, treating, grading and other operations which would change the purity and germination of the seed and thus requiring re-testing to determine the quality of seed, but does not include operations, such as, packaging and labelling; and
- (h) "treated" means that the seed has been subjected to an application of a substance or process in such a manner as to reduce, control or repel certain disease organisms, insects or any other pests attacking such seeds.

3. **Functions of the Board.**—In addition to the functions entrusted to the Board by the Ordinance, the Board shall—

- (a) recommend the rate of fees to be levied for analysis of samples by Seed Laboratory and for certification by the Certification Agency;
- (b) advise the Government on the suitability of seed testing laboratories;
- (c) send its recommendations and other concerning records to the Government;
- (d) meet at least twice a year in first week of January and first week of July;
- (e) meet on any other dates to dispose of urgent matters brought before the Board for decision;
- (f) recommend to the Government to notify under section 5 of the Ordinance any kind or variety of seed for the purposes of the said Ordinance;
- (g) consider and recommend to the Government proposals for multiplication targets, seed importation and fixation of prices of the imported seed;
- (h) recommend to the Government the procedure and standards for certification, tests and analysis of seeds;
- (i) carry out such other functions as are supplemental, incidental or consequential to any of the functions conferred by the Ordinance or these rules.

4. **Travelling and daily allowances payable to the members of the Board and its committees.**—The members of the Board and its committees shall be entitled to draw travelling and daily allowances as specified below when they attend a meeting of the Board or a committee thereof—

- (a) an official member shall be entitled to draw travelling and daily allowances in accordance with the rules of the Government and from the same source from which his pay and allowances are drawn;

- (b) a non-official member shall be allowed travelling and daily allowances in accordance with the general orders issued in this behalf by the Government from time to time.

5. **Functions of the Seed Laboratory.**—In addition to the functions entrusted to the Seed Laboratory by the Ordinance, the Seed Laboratory shall—

- (a) initiate testing programmes in collaboration with other Seed Laboratories designed to promote uniformity in results between them and shall maintain records and samples in respect of seed of any notified kind or variety ;
- (b) train personnel concerned with the methods of seed testing ;
- (c) collect data continually on the quality of seeds found from other sources and make this data available to the Board ;
- (d) carry out other functions as may be assigned to it by the Government from time to time.

6. **Functions of the Seed Certification Agency.**—In addition to the functions entrusted to the Certification Agency by the Ordinance, the Agency shall—

- (a) certify seed of any notified kinds or varieties ;
- (b) outline the procedure for growing, processing, storage and labelling of seeds intended for certification and to ensure that the seed lots finally approved for certification are true to variety and conforms at least to the minimum limits of germination and purity for certification under these rules ;
- (c) maintain a list of recognised breeder's seeds ;
- (d) verify, upon receipt of an application for certification of any kind or variety of seed, that the seed source used for planting was authenticated by the Certification Agency and the record of purchase is in accordance with these rules and the fees have been paid ;
- (e) inspect seed processing plants to see that the admixtures of other kinds and varieties are not introduced ;
- (f) ensure that action at all stages, that is, field inspection, seed processing, plant inspection, analysis of samples and issue of certificate, including marking, labelling and sealing, is taken expeditiously ;
- (g) carry out educational programmes designed to promote the production of certified seed including a publication listing certified seed growers and sources of certified seed ;
- (h) maintain such records as may be necessary to verify that seed plants for the production of certified seed were eligible for such planting under these rules ;
- (i) inspect fields to ensure that the minimum standards for isolation, roguing (where applicable) use of male sterility (where applicable) and similar factors are maintained at all times, as well as ensure that seedborne diseases are not present in the field to a greater extent than those provided in the standards for certification.

7. **Responsibility for marking or labelling.**—When seed of a notified kind or variety is offered for sale under section 7, each container shall be marked or labelled in the manner hereinafter specified.

8. **Contents of the mark or label.**—There shall be specified on every mark or label—

- (a) indication that the seed conforms at least to the minimum limits of germination and purity;
- (b) particulars as may be specified by the Government under clause (b) of section 6 of the Ordinance;
- (c) a correct statement of the net content in terms of weight and expressed in metric and British systems;
- (d) data of testing;
- (e) if the seed container has been treated—
 - (i) a statement indicating that the seed has been treated;
 - (ii) the commonly accepted chemical or abbreviated chemical (generic) name of the applied substance; and
 - (iii) If the substances of the chemical used for treatment and present with the seed is harmful to human being or other vertebrate animals, a caution statement, such as, "Do not use for food, feed or oil purposes"; and the caution for mercurials and toxic substances shall be the word "poison" which shall be in type size prominently displayed on the label in red;
- (f) the name and address of the person who offers for sale, sells or otherwise supplies the seed and who is responsible for its quality;
- (g) the name of the seed as notified under section 5 of the Ordinance.

9. **Manner of marking or labelling the container under clause (b) of sections 7 and 17.**—(1) The mark or label containing the particulars of the seed as specified under clause (b) of section 6 shall appear on such container of seed or on a tag or mark or label attached to the container in a conspicuous place on the innermost container in which the seed is packed and on every other covering in which that container is packed and shall be legible.

(2) Notwithstanding anything contained in sub-rule (1), any transparent cover or any wrapper, case or other covering used solely for the purpose of packing, transport or delivery need not be marked or labelled.

(3) Where by a provision of these rules, any particulars are required to be displayed on a label on the container, such particulars may, instead of being displayed on a label, be attached, painted or otherwise indelibly marked on the container.

10. **Mark or label not to contain false or misleading statements.**—The mark or label shall not contain any statement, claim, design, device, fancy name or abbreviation which is false or misleading in any particular concerning the seed contained in the container.

11. **Mark or label not to contain reference to the Ordinance or rules contradictory to required particulars.**—The mark or label shall not contain any reference to the Ordinance or any of these rules or any comment on, or reference to, or explanation of, any particulars or declaration required by the Ordinance or any of these rules which directly or by implication contradicts, qualifies or modifies such particulars or declaration.

12. **Denial of responsibility for mark or label content prohibited.**—Nothing shall appear on the mark or label or in any advertisement pertaining to any seed of any notified kind or variety which shall deny responsibility for the statement required by or under the Ordinance to appear on such mark, label or advertisement.

13. **Requirements to be complied with by a person carrying on the business referred to in section 7.**—(1) No person shall sell, keep for sale, offer to sell, barter or otherwise supply any seed of any notified kind or variety after the date recorded on the container, mark or label as the date up to such the seed may be expected to retain the germination not less than the standard specified under clause (a) of section 6 of the Ordinance.

(2) No person shall alter, obliterate or deface any mark or label attached to the container of any seed.

(3) Every person selling, keeping for sale, offering to sell, bartering or otherwise supplying any seed of notified kind or variety under section 7 shall keep over a period of three years a complete record of each lot of seed sold except that any seed sample may be discarded one year after the entire lot represented by such sample has been disposed of. The sample of seed kept as part of the complete record shall be of such quantity as may be notified by the Government in the official Gazette. This sample, if required to be tested, shall be tested only for determining the purity.

14. **Classes and sources of certified seed.**—(1) There shall be three classes of certified seed, and shall be so certified by the Certification Agency, namely:—

(a) Breeder's seed, sometimes called the basic seed, which provides the source of the first and the recurring increase of foundation seed;

(b) Foundation seed shall be the progeny of breeder's seed or be produced from foundation seed which can be clearly traced to breeder's seed;

(c) Certified seed shall be the progeny of foundation seed that is so handled as to maintain genetic identity and purity according to standard specified for the particular crop being certified.

(2) When the Certification Agency considers necessary to maintain adequate seed supplies, the certified seed may be the progeny of certified seed provided this reproduction may not exceed three generations and that the genetic identity and purity are not significantly altered.

15. **Application for the grant of certificate.**—Every application for the grant of a certificate under sub-section (1) of section 9 shall be made in Form I.

16. **Fees.**—Every application under sub-section (1) of section 9 shall be accompanied by a treasury receipt for a sum of Taka twenty-five.

17. **Certificate.**—Every certificate granted under sub-section (3) of section 9 shall be in Form II and shall be granted by the Certification Agency, after making enquiries and satisfying itself in accordance with the provisions of the said sub-section on the following conditions, namely :—

- (i) the person to whom the certificate is granted under sub-section (3) of section 9 shall attach a certification tag to every container of the certified seed and shall follow the provisions in respect of marking or labelling provided by or under the Ordinance ;
- (ii) the certification tag shall contain the following, namely :—
 - (a) name and address of the Certification Agency ;
 - (b) kind and variety of seed ;
 - (c) lot number or other mark of the seed ;
 - (d) name and address of the certified seed producer ;
 - (e) date of issue of the certificate and of its date of validity ;
 - (f) an appropriate sign to designate certified seed ;
 - (g) an appropriate work denoting the class designation of the seed ;
 - (h) the period during which the seed shall be used for sowing or planting ;
 - (i) that the use of seed after the expiry of the validity period by any person is entirely at his risk and the holder of the certificate shall not be responsible for any damage to the buyer of the seed ;
 - (j) that no one should purchase the seed if the seal or the certification tag has been tampered with ;
- (iii) the colours of the certification tags shall be green for the Breeder's seed, white for the Foundation seed and blue for the Certified seed ;
- (iv) the container of the certified seed shall carry a seal of such material and in such form as the Certification agency may determine and no container carrying a certification tag shall be sold by the person if the tag or seal has either been tampered with or removed ;
- (v) the holder of the certificate shall keep record of the details of each lot of the seed which is issued for sale in such form as to be available for inspection and to be easily identified by reference to the number of the lot as shown in the certification tag of each container and such record shall be retained in the case of a seed for which the expiry date is fixed for a period of two years from the expiry of such date ;
- (vi) the holder of the certificate shall allow any Seed Inspector, authorised in writing by the Certification Agency in that behalf, to enter with or without prior notice the premises, where the seeds are grown, processed and sold and to inspect premises, plant and the process of processing at all reasonable hours ;
- (vii) the holder of the certificate shall allow the Seed Inspector, authorised in writing by the Certification Agency, to inspect all registers and records maintained under these rules and to take samples of the seeds

and shall supply to the Seed Inspector such information as he may require for the purposes of ascertaining whether the conditions subject to which the certificate has been granted have been complied with;

- (viii) the holder of the certificate shall on request furnish to the Certification Agency from every lot of the seed or from such lot or lots as the Certification Agency may from time to time specify, a sample of such quantity as the Agency may consider adequate for any examination required to be made;
- (ix) the holder of the certificate shall not, if the certification agency so directs, sell or offer for sale any lot in respect of which a sample is furnished to the Agency under clause (VIII) until the Agency authorises the sale of such lot;
- (x) the holder of the certificate shall, on being directed by the Certification Agency that any part of a lot has been found by the Agency not to conform to the standards of quality or purity specified by or under the Ordinance, withdraw the remainder of that lot from sale and so far as may, in the particular circumstances of the case, be practicable, recall all issue already made from that lot;
- (xi) the holder of the certificate shall comply with the provisions of the Ordinance and these rules and with the directions given after not less than one month's notice by the Certification Agency to such holder.

18. **Appeal.**—(1) Every memorandum of appeal preferred under sub-section (1) of section 11 shall in writing and shall be accompanied by a copy of the decision of the Certification Agency against which it has been preferred and shall set forth concisely and under distinct heads the grounds of objection to each decision without any argument or narrative.

(2) Every memorandum of appeal shall be accompanied by a treasury receipt for a sum of Taka fifty.

(3) Every memorandum of appeal may be presented either in person or through an agent duly authorised in writing in this behalf by the appellant or may be sent by registered post.

19. **Procedure to be followed by appellate authority.**—In deciding appeals under the Ordinance, the appellate authority constituted by the Board shall follow the same procedure which a court follows in deciding appeals from the decree or order of an original court under the Code of Civil Procedure, 1908 (Act V of 1908).

20. **Qualifications of Seed Analyst.**—A person shall not be qualified for appointment as Seed Analyst unless he possesses at least a Bachelor's degree in Agriculture of a University recognised for this purpose by the Government.

21. **Duties of a Seed Analyst.**—The Seed Analyst shall—

- (a) on receipt of a sample for analysis, first ascertain that the mark and the seal or fastening as provided in clause (b) of sub-section (1) of section 15 are intact and shall note the condition of the seal thereon;
- (b) analyse the sample according to the provisions of the Ordinance and these rules;

- (c) deliver the report of the result of the analysis to the Director, Seed Certification Agency with copy to the persons, firm or agency from whom the seed samples have been taken;
- (d) forward to the Director of Seed Certification Agency, monthly and annual reports giving the result of analytical work done by him for onward submission of the same to the Board;
- (e) inform the results of the sub-standard seed lot or lots by telegraphic message or through messenger to the person from whom seed samples have been taken, if the period between analysis and distribution is marginal of that particular seed.

22. **Qualification of Seed Inspector.**—A person shall not be qualified for appointment as Seed Inspector unless he possesses at least a Bachelor's degree in Agriculture of a University recognised for this purpose by the Government.

23. **Duties of Seed Inspectors.**—In addition to the duties specified by the Ordinance, the Seed Inspectors shall—

- (a) inspect as frequently as may be required by the Certification Agency all places used for growing, processing, storage or sale of any seed of any notified kind or variety;
- (b) give notice in Form III to the grower in case of rejection of any seed plot which does not conform to the field standard specified by the Certification Agency;
- (c) satisfy himself that the conditions of the certificate are being observed;
- (d) procure and send for analysis, if necessary, samples of any seeds under Certification procedure which he has reason to suspect are being produced, stocked or sold or exhibited for sale in contravention of the provisions of the Ordinance or these rules;
- (e) investigate any complaint which may be made to him in writing in respect of any contravention of the provisions of the Ordinance or these rules;
- (f) maintain a record of all inspections made and action taken by him in the performance of his duties including the taking of samples and the seizure of stocks and submit copies or such records to the Director of Seed Certification Agency as may be directed in this behalf;
- (g) when so authorised by the Government detain imported container which he has reason to suspect contain seeds, import of which is prohibited except and in accordance with the provisions of the Ordinance or these rules;
- (h) institute prosecutions in respect of breaches of the Ordinance or these rules; and
- (i) perform such other duties as may be entrusted to him by the Government and the Board.

24. **Manner of taking and handling samples.**—Samples of any notified kind or variety for the purpose of analysis shall be taken in a clean dry container which shall be closed sufficiently tight to prevent leakage and entrance of moisture and shall be carefully sealed.

25. **Containers to be labelled and addressed.**—All containers containing samples for analysis shall be properly labelled and the parcels shall be properly addressed. The label on any sample of seed sent for analysis shall bear—

- (a) serial number ;
- (b) name of the sender with official designation;
- (c) name of the person from whom the sample has been taken ;
- (d) date and place of taking the sample ;
- (e) kind and variety of the seed for analysis ;
- (f) nature and quantity of preservative, if any, added to the sample.

26. **Manner of packing, fastening and sealing of samples.**—All samples of seed sent for analysis shall be packed, fastened and sealed in the following manner—

- (a) the stopper shall first be securely fastened so as to prevent leakage of the container in transit ;
- (b) the container shall then be completely wrapped in fairly strong thick paper. The ends of the paper shall be neatly folded in and affixed by means of gum or other adhesive ;
- (c) the paper cover shall be further secured by means of strong twine or thread both above and across the container, and the twine or thread shall then be fastened on the paper cover by means of sealing wax on which there shall be at least four distinct and clear impressions of the seal of the sender of which one shall be at the top of the packet, one at the bottom and the other two on the body of the packet. The knots of the twine or thread shall be covered by means of sealing wax bearing the impression of the seal of the sender.

27. **Form of order.**—The order to be given in writing by the Seed Inspector under clause (c) of sub-section (1) of section 14, shall be in Form IV.

28. **Form of receipt for records.**—When a Seed Inspector seizes any record, register, document or any other material object he shall issue a receipt in Form V to the person concerned.

29. **How to send samples to the Seed Analyst.**—The container of sample for analysis shall be sent to the Seed Analyst by registered post or by hand in a sealed packet enclosed together with a memorandum in Form VI in an outer cover addressed to the Seed Analyst.

30. **Memorandum and impression of seal to be sent separately.**—A copy of the memorandum and a specimen impression of the seal used to seal the packet shall be sent to the Seed Analyst separately by registered post or delivered to him or to any person authorised by him.

31. **Addition of preservatives to samples.**—Any person taking a sample of seed for the purpose of analysis under the Ordinance may add a preservative as may be specified from time to time to the sample for the purpose of maintaining it in a condition suitable for analysis.

32. **Nature and quantity of the preservative to be noted on the label.**—Whenever any preservative is added to a sample, the nature and quantity of the preservative added shall be clearly noted on the label to be affixed to the container.

33. **Analysis of the sample.**—On receipt of the packet it shall be opened either by the Seed Analyst or by an officer authorised in writing in that behalf by the Seed Analyst, who shall record the condition of the seal on the packet.

34. **Form of Notice.**—The notice to be given under clause (a) of sub-section (1) of section 15 of the Ordinance to the person from whom the Seed Inspector intends to take sample shall be in Form VII.

35. **Form of Report.**—The report of the result of the analysis under sub-section (1) or sub-section (2) of section 16 of the Ordinance shall be delivered or sent in Form VIII.

36. **Fees.**—The fees payable in respect of the report from the Seed Laboratory under sub-section (2) of section 16 of the Ordinance shall be Taka five per sample of the seed analysed.

37. **Retaining of the sample.**—The sample of any seed shall, under clause (c) of sub-section (2) of section 15 of the Ordinance, be retained under a cool and dry environment to eliminate the loss of viability and insect proof or rat proof container. The container shall be dusted with suitable insecticides and the storage room fumigated to avoid infestation of samples by insects. The sample shall be packed in good quality containers of uniform shape and size before storage.

38. **Records.**—A person carrying on the business referred to in section 7 shall maintain the following records, namely :—

(a) stock record of seed ;

(b) record of the sale of seed.

39. **Form of memorandum.**—The memorandum to be prepared under sub-section (4) of section 14 of the Ordinance shall be in Form IX.
